## City of Oceanside

Email	trippcorbett@gmail.com
Council Meeting Date	2/4/2026
Agenda #	10
Subject	Fund construction of dog parks and resurfacing of North River Road
Position	No Position
Name	<b>First Name:</b> Charles <b>Last Name:</b> Corbett
Oceanside Resident	Yes
Full Address	<b>Street Address:</b> 760 Via Callado <b>City:</b> Oceanside <b>State:</b> CA <b>Zip:</b> 92057
Comments	<p>For years I have come to City Council meetings to advocate for the Parks &amp; Rec budget to include build-out of a fenced-in off-leash dog park for the thousands of Oceanside dog owners. Last year designs were reviewed and approved for El Corazon park, and I also participated in the beach headlands brainstorming meetings with others where a dog park on one of the pilot headlands was considered. The city parks and rec manager managed expectations that the construction wasn't funded however. I am writing to encourage the council to fund the construction of at least one off-leash dog park in the upcoming fiscal year. Even better if it's up in District 2 where I live and we have ample park space.</p> <p>Please also consider dedicating funds to resurfacing North River Road between the 76 and new housing development, as road conditions have deteriorated significantly and with no shoulder you can't swerve to avoid the massive potholes and rumble strips from years of patches. Increasingly, traffic is also building up at the stoplight with the 76 and widening that intersection should be considered a budget priority as well for District 2 residents.</p> <p>Thank you for considering these!</p>
