Comments	My name is Morelia Lozano, I am the Program Supervisor for Project REACH-Libby Lake. I want to thank you the City Council for continuing to invest in our after-school programs. Your support helps us provide local youth with a safe, supportive place to learn, grow and connect with others. We appreciate your commitment to our youth and the positive impact your funding has on our community. Thank you.

Comments	Thank you to the City of Oceanside for investing in the youth by continuing to support these important programs. Having worked with Club Crown Heights for many years and now as the Program Manager of Project REACH, I have seen first hand the impact that these programs have made for the many, many youth that I've come in contact with over the years! Every day the youth that go to these programs, make a choice to be there. None of the youth who attend either program are forced to be there. They go to be with staff that support them and care about them unconditionally and encourage them to make good choices. They go to get help with their homework, learn new skills, give back to their community, and just be kids and have fun without the stressors of their lives, weighing them down. These youth make that choice everyday, without being forced. We must be doing something right! Without continued funding from the City this wouldn't be possible. So thank you Mayor Sanchez and Council for all that you do and for continuing to invest in the next generation. You are appreciated!
