**TITLE: PURCHASE ORDER FOR AIR COMPRESSOR REPLACEMENTS AT SAN LUIS REY
WATER RECLAMATION FACILITY**

RECOMMENDATION

Staff recommends that the City Council approve a purchase order to Haringa Compressor Inc., in the amount of \$106,902, for four air compressors; and authorize the Financial Services Director, or designee, to execute the purchase order.

BACKGROUND AND ANALYSIS

The Water Utilities Department's San Luis Rey Water Reclamation Facility currently has four air compressors that are more than 20 years old and at the end of their useful life span. They need to be replaced. Operation of the compressors are critical to meet both discharge and air quality permit requirements. All four existing compressors will be replaced and any existing compressors in fair condition will be kept as spare units.

Staff secured three quotes for the compressors and Haringa Compressor Inc. was the lowest at \$106,902 which includes tax (\$7,948) and freight (\$2,610).

Manufacturer	Total Cost
Haringa Compressor Inc.	\$106,902
Ingersoll Rand	\$124,458
Misco Water	\$253,306

FISCAL IMPACT

Sewer Service and Flow Fees, in the Sewer Operating Fund and Fixed Asset Replacement Fund are the funding sources for this purchase. The cost for the four compressors including taxes and shipping is \$106,902, and will be charged to the SLR Major Plant Improvements account 909125500722.5704.10600. This account has an available balance of \$403,224; therefore, sufficient funds are available.
