To whom it may concern:

Considered an industry expert, Flying Lion is retained nationwide by Drone as First Responder (DFR) software providers including Axon Air, Flock Safety, Motorola Solutions, and other providers as a system integrator to provide Consulting, Training, Equipment Leasing, and/or Staffing supporting Public Safety drone use. The most recent list of agencies using Flying Lion services can be found on our website: www.flyinglioninc.com.

Additionally, Flying Lion is the only company that provides specialized DFR training for both Air Support Officers/Remote Operators and Remote Pilots in Command (RPICs.)

To validate that expertise, from April 1, 2020 through January 1, 2025, Flying Lion has conducted the following Drone as First Responder (DFR) operations:

Total DFR Flights	BVLOS Flights	BVLOS Flight Time
55,773	35,200	15,686 hours
