Comments	<p>My name is Sara Simpson, and I am a Journeyman Electrician.</p> <p>I want to write in support of placing this measure on the November ballot.</p> <ul style="list-style-type: none">• Oceanside could be considered out of compliance with state law which would put at risk much-needed state funding and financial assistance that residents need to support their public works projects.• This measure will protect millions in state infrastructure funds Oceanside families rely on to fix roads and bridges, protect our water supply, and prevent wildfires.• Other local agencies across San Diego County have moved forward similar measures to align with state law and avoid any potential questions of state funding eligibility for public works projects.• Allowing voters the opportunity to amend the Charter to clarify Oceanside's compliance with state laws on prevailing wage and fair competition will ensure continued access to state funding and financial support for critical infrastructure and all public works projects. <p>Please bring this measure forward at the next scheduled council meeting and place it on the ballot this November. Thank you!</p>
