To Downtown Advisory Committee <dac@oceansideca.org>; City Council <Council@oceansideca.org>

**EXTERNAL MESSAGE:** Use caution when opening attachments, clicking links, or responding. When in doubt, please contact CustomerCare@oceansideca.org

We read the staff report and other publicly available documents with great interest. We are very concerned that this is a battery storage facility and yet there are ZERO details revealed about that. Please do not rubber stamp this project without some serious investigation and fact finding about the dangers of battery storage facilities. Public safety should be of paramount concern to all of you. Kindly read and inform yourselves on this very important issue. Kindly send the developer proposal back for more details regarding potential environmental challenges and public safety issues.
